# 1. Download the free app

Search "Docket" in Apple App Store or Google Play. Visit <https://dockethealth.com>.

# 2. Set-up your account

Login with your Apple or Google account. Create an account with your email address.

# 3. Search your records

Select Immunizations from the main menu. Enter your Immunization PIN if prompted.

Select the plus sign (+) on the top-right corner of the Immunization Search History screen to add your family members.

**Note:** most Utahns can access their records *without* an Immunization PIN. You may request a PIN (found on your USIIS School Report or Immunization Forecast) from your school nurse or primary care provider.

For questions about your shots, consult with your care provider, pharmacist, or local health department.

Refer to @DocketHealthApp on Twitter for updates. For questions or comments about the app, write us at [support@dockethealth.com](mailto:support@dockethealth.com).
